

**End of
Day
Reflection**

Dear Parents

I hope you've had a great day. Time seems to be flying and we're now so close to the end of term. I hope that you're looking forward to the chance to have some rest and relaxation over the Easter break. When I was out walking last night it was lovely to bump into a St Michael's family and we had a short catch up (at an appropriate distance of course). I was inspired by their outlook to this situation and how they are really making the most of it. We talked about how rare it is to see our families and have meal times together so often. I am sure that so many of you are feeling the same and that amongst the challenges we're facing in adjusting to home learning and new technology, we can find joy in the gift of time with our families.

All of the Prep School form teachers have been enjoying hearing from their classes this week. If your child has not yet replied to their form teacher I would be very grateful if you could encourage them to do this before the end of term. We are keen to understand how they're feeling as we head towards the end of term.

I will be writing before the end of term with information about our approach at St Michael's to the summer term and all that comes with it. For all governmental updates, you may find the following link helpful

[Closure of Education Settings Information](#)

Wishing you a wonderful Wednesday evening.

Mary Bridges
Acting Head
