

**End of  
Day  
Reflection**  
-  
**Thursday  
2nd April**

Dear Parents,

I hope you are all well. This will be my final end of day reflection for the term as tomorrow I will sign off in our newsletter for the Easter break. Despite not seeing you in person for the last two weeks I have felt well connected through your messages and the wonderful array of pictures, films and work shared through the various social media platforms linked to St Michael's.

This morning, in our [Home PE Hub video](#), the Thursday Tent Peg topic was the importance of making social connections during a time when we are distancing. If you haven't already seen it then I recommend clicking on the [link](#) and checking it out. It's a great message to reflect on as we head into the break from school. Remote learning does rely on a fair amount of technology and I hope that the next few weeks will be a great opportunity to step away from the screens and to engage with the human and natural life around us at this amazing time of year.

There are lots of exciting things happening tomorrow to end the term on a high. We look forward to kicking the day off with our Freestyle Friday Disco! It's a good one. Also, look out for an additional message coming from Mr Wiseman today with another exciting announcement.

See you in the morning!

Very best wishes,

Mary Bridges  
Acting Head
